

**STEP 4**

Press and hold for 2 seconds or more, or press briefly 3 times or more

CTY52AD212

Vehicles with a smart key system: To stop the engine, press and hold the “ENGINE START STOP” switch for 2 consecutive seconds or more, or press it briefly 3 times or more in succession.

**STEP 5**

Stop the vehicle in a safe place by the road.

**CAUTION**

■ **If the engine has to be turned off while driving**

- Power assist for the brakes and steering wheel will be lost, making the brake pedal harder to depress and the steering wheel heavier to turn. Decelerate as much as possible before turning off the engine.
- Vehicles without a smart key system: Never attempt to remove the key, as doing so will lock the steering wheel.
