

Manual mode

The parking brake can be set and released manually.

① Sets the parking brake

The parking brake indicator light and parking brake light will turn on.

Pull and hold the parking brake switch if an emergency occurs and it is necessary to operate the parking brake while driving.

② Releases the parking brake

Operate the parking brake switch while depressing the brake pedal. Make sure that the parking brake indicator light or parking brake light turn off.

If the parking brake indicator light or parking brake light flashes, operate the switch again.
