

Anchor brackets (for top tether strap)

An anchor bracket is provided for each rear seat.

## Installation with LATCH system

### Type A

**STEP 1** Widen the gap between the seat cushion and seatback slightly.

Latch the hooks of the lower straps onto the LATCH anchors. If the child restraint has a top tether strap, the top tether strap should be latched onto the top tether strap anchor.

For owners in Canada:  
The symbol on a child restraint system indicates the presence of a lower connector system.
