

■ Adjusting the seat belt shoulder anchor height (front seats)

1 Push the seat belt shoulder anchor down while pressing the release button.

2 Push the seat belt shoulder anchor up.

Move the height adjuster up and down as needed until you hear a click.

Seat belt pretensioners (front seats)

The pretensioner helps the seat belt to quickly restrain the occupant by retracting the seat belt when the vehicle is subjected to certain types of severe frontal or side collision.

The pretensioner may not activate in the event of a minor frontal impact, a minor side impact, a rear impact or a vehicle rollover.
