

## RCD (Rear Camera Detection)\*

When the vehicle is backing up, the rear camera detection function can detect pedestrians in the detection area behind the vehicle. If a pedestrian is detected, a buzzer will sound and an icon on the audio system screen will be displayed to inform the driver of the pedestrian.

### Display

▶ Toyota parking assist monitor

▶ Panoramic view monitor

① Pedestrian detection icon

Displayed automatically when a pedestrian is detected.

② RCD OFF icon

When the RCD function is disabled, the RCD OFF icon illuminates.

### Turning the rear camera detection function on/off

▶ Vehicles with 4.2-inch multi-information display

① Press < / > of the meter control switches, select .

② Press ^ / v of the meter control switches, select **RCD**.

③ Press  of the meter control switch.

When the RCD function is disabled, the RCD OFF indicator (→P. 91) illuminates.

\*: If equipped
