

## 1-2. Opening, closing and locking the doors and trunk Smart key system\*

The following operations can be performed simply by carrying the electronic key on your person, for example in your pocket.

(The driver should always carry the electronic key.)

**1** Unlocks and locks the doors (→P. 33)

**2** Unlocks the trunk (→P. 33)

**3** Starts the engine (→P. 148)

\*: If equipped
