

### RCTA function

The RCTA functions when your vehicle is in reverse. It can detect other vehicles approaching from the right or left rear of the vehicle. It uses radar sensors to alert the driver of the other vehicle's existence through flashing the outside rear view mirror indicators and sounding a buzzer.

① Approaching vehicles

② Detection areas

#### ■ RCTA icon display (if equipped)

When a vehicle approaching from the right or left at the rear of the vehicle is detected, the following will be displayed on the audio system screen.

Toyota parking assist monitor	Panoramic view monitor	Content
		A vehicle is approaching from the left or right at the rear of the vehicle
