#### ◆ Dynamic radar cruise control (if equipped)

→P. 306

### WARNING

#### ■ Toyota Safety Sense 2.5+

The Toyota Safety Sense 2.5+ is designed to operate under the assumption that the driver will drive safely, and is designed to help reduce the impact to the occupants and the vehicle in the case of a collision or assist the driver in normal driving conditions.

As there is a limit to the degree of recognition accuracy and control performance that this system can provide, do not overly rely on this system. The driver is always responsible for paying attention to the vehicle's surroundings and driving safely.
