

**Using a flatbed truck**

When using a flat-bed truck to transport the vehicle, use tire strapping belts. Refer to the owner's manual of the flat-bed truck for the tire strapping method.

► Vehicles without a smart key system

In order to suppress vehicle movement during transportation, set the parking brake and turn the engine switch to the "LOCK" position.

► Vehicles with a smart key system

In order to suppress vehicle movement during transportation, set the parking brake and turn the engine switch off.

**Emergency towing**

A driver must be in the vehicle to steer and operate the brakes. The vehicle's wheels, drive train, axles, steering and brakes must be in good condition.
