CAUTION

When returning the seat to its original position

- Ensure that the seat belt does not get caught between or behind the seats.
- If the seat belt has been released from its guide, pass the seat belt through its guide. $(\rightarrow P. 72)$

Seat adjustment

Be careful not to get hands or feet pinched between the rear console box and the rear seat when folding down the rear seatback.

After returning the seatback to the upright position

Observe the following precautions. Failure to do so may result in death or serious injury.

- Make sure the seatback is securely locked by pressing it forward and rearward on the top.
- Check that the seat belts are not twisted or caught in the seatback.
- Make sure that the seat belt is passing through its guide.

NOTICE

When left seatback is folded down

Make sure the luggage loaded in the enlarged trunk will not damage the webbing of the rear center seat belt.
